

On the tank side:

- 1) Depending on the brand of tank you would need 4 adaptors: These can vary from tank to tank: They will either be $\frac{3}{4}$ to $\frac{1}{2}$ or 1" to $\frac{1}{2}$ "

1/2 sweat pump installed

Check Valve 1/2

2 Tees where the ball valves will be installed later on

2 gate valves (1/2")
